She woke me
In the early morning
And she took me
Down by the shore
Then she told me
About a strange occurrence
With a bottle
That she had before

And I remembered
When we were younger
How we used to
Run that shore
Feeling special
And our hearts were pumping
With our dreams laid
Out before us

She took my
Hand in hers and
She looked deep
Down in my soul
Said she saw things
Sad and blue
Like the water
So salt and cold

This is a working lyric and not finished
